Easy to read on smartphones

Here are some guidelines:

- 26 pt for paragraph text
- **Bold text** for headlines
- *Italic text* where appropriate
- Underline text ONLY if that text is a link

Give Yourself Room to Work

- Margins: 0.25 all around
- Don't use header & footer
(unless required)

30 pt headlines look good

30 pt headlines in bold are better

20 pt is not easily read on a smartphone. Only go this small for content that does not need to be emphasized, such as copyright, version numbers, and links to more tips like this.
